The radio station at the University of California, Santa Barbara, KCSB-FM, is licensed by the Federal Communications Commission to the Regents of the University of California. KCSB is funded primarily by the students at UCSB and the community at large.

As a non-commercial, educational FM station broadcasting for the public interest, KCSB enters into no commercial contracts which allow access to the airwaves, and it strives to provide programming substantially different from that carried by commercial broadcast media. It is also designed to be educational for both programmers and listeners. UCSB students and other programmers are provided an opportunity to learn the fundamentals of radio broadcasting.

Everyone here at KCSB has worked together to adapt to a new virtual environment, requiring difficult but necessary changes, such as developing remote training programs for DJs, publicity ambassadors, sports volunteers, news volunteers, and KJUCers, as well as developing a way to do remote call-ins to the station through our Voicemails-to-Air project!

OUR “Best Radio Station in SB” CAMPAIGN

Please consider voting for us in the SB Independent’s “2020 Best of SB” Reader’s Poll! After these last five months, we at KCSB are so proud to say that we’re still standing, an alternative non-commercial radio station, having never stopped our 24/7 programming. We’ve welcomed back a huge new lineup of returning alumni and community programs (KCSB Reads), our news team has sent out community COVID-19 updates every day, and we’ve launched a number of new programs to get remotely trained DJs, news reporters, sportscasters, and other volunteers back at KCSB. We wouldn’t be anywhere without our incredible programmers and staff who continue to hold this phenomenal community together.

if you’d like to show your kcsb pride, voting is open until september 2nd! you can find the link on our website :)
